

# Angels **BRING** Business

Angels Bring Business would like to welcome you to our first edition of our Angels' Post which will keep you informed as to all our up and coming news for our expanding womens' networking club.

We run our monthly meetings on the second Thursday of each month where the business ladies of Lincolnshire have a chance to network with like-minded business people. The aim of our club is to give every person a chance to self develop, promote their business and share ideas and skills. The club was founded by Wendy Spalding-Siracusa and Josephine Peacock who both have a passion for business self development for women in the workplace.

**“Accomplished business women bringing connections and support”**

We support the charity Women for Women International. They work to provide women survivors of war, civil strife and other conflicts with resources to move from crisis and poverty to stability and self-sufficiency.

**“The women who enroll on our 1 year program learn job skills and receive business training so that they can earn a living. They come to understand their rights and how to fight for those rights in their homes, their communities and their nations. They learn how to become leaders.”**

“Who you know,  
and who knows you,  
is as important as  
what you do”

You know, sometimes all you need is 20 seconds of insane courage. Just literally 20 seconds of embarrassing bravery and I promise you something great will come of it”. **Benjamin Mee – We bought a zoo**

Based on a true story of a zoo in Dartmoor, this film charts the journey of a widower and his two young children who buy a run down zoo and against all the odds make a success of it, and in the process work their way through the grieving process of the loss of their wife/ mother.

In this instance, Benjamin Mee is talking to his son about the moment he introduced himself to his wife. We all have someone we need to communicate with, but shyness, pride or fear is holding us back. It may be a friend or family member with whom we have argued, or a business associate we could really do with getting to know, or our boss who we want to impress. Whatever the circumstance, the chances are that the person will be glad to hear from you. We dare you to screw up your courage and give it a whirl. **You have nothing to lose and everything to gain!**
